- |              | TEXT EDITORS | VERSION CONTROL |
|--------------|--------------|-----------------|
| • HTML       |              |                 |
| • CSS        |              |                 |
| • BOOTSTRAP  | • VS CODE    | • GitHub        |
| • JAVASCRIPT | • Notepad ++ |                 |
| • REACT      |              |                 |

## INTERNSHIP

**Brain Valley Software Private Limited**, a trailblazing tech firm, afforded me an enriching internship experience in frontend web development, where I extensively utilized HTML, CSS, and JavaScript, along with Bootstrap and React. Collaborating with a dynamic team, I contributed to the creation of engaging and responsive websites, gaining practical insights into the intricacies of modern web design and development. This hands-on exposure has fueled my enthusiasm for leveraging cutting-edge technologies to deliver seamless digital solutions that prioritize user experience and functionality.

## MY PROJECTS

Project Tittle	Hospital Management
Project Summary	The hospital management React project is a web application that allows administrators to manage patient records, appointments. interactive dashboards, and user authentication for secure access.
